NITESCO

LOVES
THE ITALIAN DESIGN

NITESCO AMA IL DESIGN ITALIANO

/ EN Their style represents identity, technology and elegance.

Nitesco is the expression of the Italian character in all its aspects, namely the link with the territory, the search for quality, the attention to the details and the innovative design.

/IT Uno stile che parla di identità,
di tecnologia, di eleganza.

Nitesco è l'espressione dell'italianità in tutte le sue sfaccettature: legame con il territorio, ricerca della qualità, attenzione ai dettagli e design innovativo.

NITESCO LO

/ EN It is the expression of the huge potential in a tradition which incorporates the seeds of timeless beauty and flourishes in the realization of state-of-the-art products.

It is warranty of style, with the advantage of a competitive value for money.

/ IT Le mille potenzialità di una tradizione che racchiude i semi di una bellezza senza tempo e fiorisce nella realizzazione di prodotti all'avanguardia.

Una garanzia di stile, supportata dal vantaggio di un valore economico competitivo.

CREATES

THE FINISHED MATERIAL

NITESCO CREA LA MATERIA FINITA

/ EN The strength in the experience combines with the power of the creative vision.

Creating means embracing the raw material, bringing it out with innovative processes and livening it up with the ideas.

/ IT La forza dell'esperienza si unisce alla potenza della visione immaginifica.

Creare significa abbracciare la materia primaria, esaltarla con processi innovativi e donarle un'anima attraverso le idee.

NITESCO BOOK

/ EN In this way, the first collection of tables and chairs entirely designed by Nitesco originated.

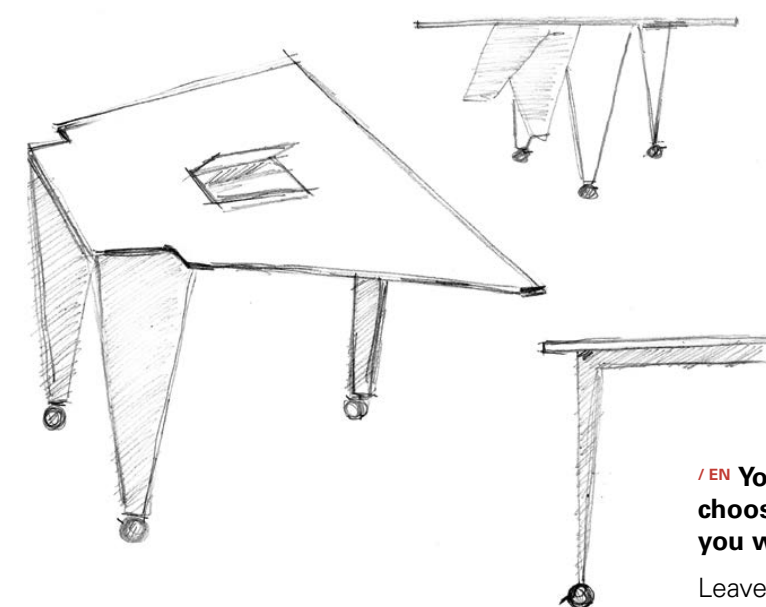

Nitesco has become, over the years, an undisputed technological reference in the field and the reliable supplier of high-quality semi-finished products to many customers, thus finally achieving the status of proactive partner for the realization of new projects.

/ IT Nasce così la prima collezione di tavoli e sedie progettata interamente da Nitesco.

Un indiscusso riferimento tecnologico che si è affermato negli anni come solido fornitore di semilavorati qualitativamente superiori e ora si trasforma in partner proattivo nella realizzazione di nuovi progetti.

NITESCO
DREAMS
 OF FUTURE PROJECTS

NITESCO SOGNA I PROGETTI FUTURI

/ EN You do not simply choose, you decide what you want to have.

Leave space to your creativity and shape your projects.

/ IT Non limitarti a scegliere, ma determina ciò che vuoi.

Lascia spazio alla creatività e dai forma ai tuoi progetti.

/ EN Nitesco welcomes your ideas and, by constantly communicating with you, they are transformed into finished products.

The value of customization is highlighted in the realization of new, unique accomplishments. Nitesco has always worked side by side with designers and engineers, thus supporting them in giving life to their imagination.

/ IT Nitesco accoglie le tue idee e attraverso un dialogo continuo le traduce in prodotti finiti.

Esalta il valore della personalizzazione, per realizzare configurazioni sempre nuove e uniche. Da sempre a fianco dei progettisti, Nitesco li aiuta a dare vita alla loro immaginazione.

Tables collection
collezione tavoli

Circus

/EN Inspired by round shapes and soft curves, Circus is a collection of tables whose design can be combined with seats in different aesthetics, from the most basic to the richest ones. The table consists of a round top and a central stem with rounded section. Available in three heights and different finishes, Circus is a versatile product, that architects and interior designers can successfully fit in their projects.

/IT Ispirata a forme tonde e curve morbide, Circus è una collezione di tavoli pensata per accompagnare sedute dall'estetica diversa, dalle più essenziali alle più ricche. I tavoli si compongono di un piano rotondo e di un fusto centrale con sezione arrotondata. Disponibile in tre altezze e diverse finiture, Circus è un prodotto versatile, che architetti e Interior designer possono completare a piacere fondendolo nei propri progetti.

Bordeaux

/ EN Bordeaux is an extendable, rectangular table with a modern, linear design. It is characterized by the elliptical section of the legs, which descend with a slight slope to the ground. Available in single height and various finishes, this table lends itself well to being used in countless contexts, from the office environment to the meeting room and the home living area.

/ IT Tavolo rettangolare allungabile dal design moderno e lineare, il Bordeaux si caratterizza per la sezione ellittica delle gambe, che scendono con leggera piega obliqua verso terra. Disponibile in un'unica altezza ed in varie finiture, questo tavolo si presta bene ad essere impiegato in innumerevoli contesti, dall'ambiente office alla sala riunioni e all'area living domestica.

“ Metal is an ancient but always contemporary material, which we have skilfully shaped and decorated in multiple forms and colours, thus creating unique, exclusive products ”

Il metallo, materiale antico ma sempre attuale, viene da noi sapientemente plasmato e decorato in forme e colorazioni infinite, dando così vita a prodotti unici e irripetibili.

Oslo & Fly

/ EN The rounded, embracing lines mark Fly and Oslo tables, which are characterized by a soft, refined design. The tables consist in a central stem with rounded section and a round worktop. They can have different heights and, thanks to their versatility, they are an ideal solution in any environment, both domestic and commercial.

Technical information / Informazioni tecniche
→ p.092–093

/ IT Le linee arrotondate ed avvolgenti contraddistinguono i tavoli Fly e Oslo, che si connotano per un design morbido e raffinato. I tavoli si compongono di uno stelo centrale con sezione arrotondata e di un piano tondo. Hanno altezze diverse e, grazie alla loro versatilità, costituiscono una soluzione ideale in ogni ambiente, sia domestico che commerciale.

“ The shapes, the design and the quality are all essential, crucial aspects. But the very moment they merge with ergonomics and functionality, the resulting product becomes unique ”

Le forme, il design, la qualità tutti plus importanti, aspetti fondamentali ed irrinunciabili. Ma solo quando si fondono a ergonomia e funzionalità il prodotto che ne risulta è unico.

Squirrel

/ EN The collection Squirrel is an ideal solution for the catering sector as well as the office environment. The compact, functional design, the option for the folding worktop and, in the 4R model, the particular shape of the base, which allows stacking, make the tables of the collection Squirrel the best choice for those who want to combine functionality and aesthetics.

/ IT La collezione Squirrel si configura come soluzione ideale per gli ambienti del settore ristorazione ed anche dell'office. Il design compatto e funzionale, la possibilità di avere il piano ribaltabile e, nel modello 4R, la particolare forma della base, che consente l'accatastamento, rendono i tavoli della collezione Squirrel la scelta migliore per chi desidera abbinare funzionalità ed estetica.

NITESCO BOOK

“ It is neither easy nor predictable to create strong, resistant products with an eye-catching, stylish design. Our high-thickness, pierced metallic table structure is an unparalleled example of this capacity ”

Non è né facile né scontato creare prodotti dal design accattivante e stiloso e al contempo forti e resistenti. La struttura in metallo ad alto spessore traforato ne è un esempio ineguagliabile.

Parigi

/ EN An all-interlocking table, ideally inspired by the articulated silhouette of the famous Eiffel Tower, Parigi stands out for the elegant, well-groomed design of the stem, characterized by metallic elements pleasantly connected in an overall harmony that makes this coffee table the perfect complement in finest environments, both domestic and in the HO.RE.CA sector. It boasts a complete range of worktops, namely round- and square-shaped and in different materials, which make Parigi the best choice for manifold environments.

Technical information / Informazioni tecniche
→ p.174 – 175

/ IT Tavolino tutto ad incastro ispirato idealmente alla sagoma articolata della famosa Tour Eiffel, il Parigi si distingue per il design elegante e curato dello stelo, caratterizzato da elementi metallici piacevolmente raccordati in un'armonia d'insieme che rende questo tavolino il complemento ideale in ambienti ricercati, sia domestici che nell'HO.RE.CA.. Può vantare una gamma ampia e completa di piani, sia tondi che quadrati e in diversi materiali, che rendono il Parigi una scelta ottimale per ogni ambiente.

“ The products with minimalistic, contemporary design are especially suitable to be chromed; indeed, the polished surface looks particularly bright and enticing, thus enhancing the austere elegance in their design ”

I prodotti dal design minimale e contemporaneo sono particolarmente adatti ad essere cromati, le superfici levigate infatti risultano luminose e seducenti esaltando l'eleganza austera del loro design.

Roma

/EN Inspired by a minimal, clean design, the collection Roma is characterized by the rounded profile, even in the edges, and the linear shape, with the central cylindrical column rising from the round base, which is available in various sizes, depending on the model. The matching worktops can be both round and square and come in numerous material and size options, thus highlighting the versatile nature of this collection.

Technical information / Informazioni tecniche
→ p.184–185

/IT Ispirata ad un design minimale e pulito, la collezione Roma si caratterizza per la linea arrotondata, anche nei bordi, e la forma lineare, con la colonna cilindrica centrale che si erge dalla base tonda di varie dimensioni, a seconda dei modelli. I piani in abbinamento possono essere sia tondi che quadrati e sono disponibili in numerose varianti di materiale e dimensione, evidenziando così la natura versatile di questa collezione.

Napoli

/ EN The collection Napoli represents the perfect combination of aesthetics and functionality. The round, slightly conical base, available in different diameters, connects harmoniously to the central cylindrical stem in an elegant, continuous line. The matching worktops are varied in shape and materials, thus gracefully completing the collection of tables and coffee tables, which can conveniently integrate with the interiors of restaurants and cafes.

Technical information / Informazioni tecniche
→ p.196–197

/ IT La collezione Napoli rappresenta il giusto connubio fra estetica e funzionalità. La base tonda e leggermente conica, disponibile in diametri diversi, si raccorda armoniosamente allo stelo cilindrico centrale, in un continuum elegante. I piani in abbinamento sono molteplici per forma e materiali, completando opportunamente la collezione Napoli di tavoli e tavolini, che possono integrarsi con grazia agli ambienti di ristoranti e caffetterie.

“ The traditional, essential design blends in with iron, namely a material that inspires a sense of solidity tracing long back in the time ”

Il design tradizionale ed essenziale si integra con il ferro, materiale che ci trasmette un senso di solidità, dalle radici lontane nel tempo.

Venezia

/EN Inspired by a linear, sleek concept, the collection Venezia features square profiles and shapes, with the central column rising from the square base of various sizes, depending on the models. The matching worktops can be both round and square and are available in different materials and sizes in order to emphasize the versatile nature of this collection, which goes well with the needs of the HO.RE.CA sector.

Technical information / Informazioni tecniche
→ p.204–205

/IT Ispirata ad un concept minimale e lineare, la collezione Venezia presenta linee e forma squadrate, con la colonna centrale quadrata che sale dalla base ugualmente quadra e di varie dimensioni, a seconda dei modelli. I piani in abbinamento possono essere sia tondi che quadrati e sono disponibili in numerose varianti di materiale e dimensione, a sottolineare la natura versatile di questa collezione, che ben si sposa con le esigenze del settore HO.RE.CA..

“ Dynamic, disruptive strength emanates from the wooden worktops in thick solid oak, which are a unique product in our sector. Their genuine origin and their formal aspect convey a sense of tradition and safety, which is typical of the natural products ”

Forza dirompente e vitale si sprigiona dai piani in puro massello di rovere ad alto spessore, che sono un unicum nel nostro settore. La loro origine e il loro aspetto formale trasmettono tradizione e sicurezza tipici dei prodotti naturali.

Vienna

/ EN The collection Vienna is characterized by a simple, unique design. The base, square and slightly pyramidal in the point of connection with the central square stem, gives this table a fresh, trendy aesthetics. The matching worktops can be both round and square and are available in plenty of materials and sizes, which make this collection particularly suitable to meet the needs of the HO.RE.CA. sector.

Technical information / Informazioni tecniche

“ The idea of the table base that can be used both for small tables as well as for medium and big ones represents a solution that grants stability, ergonomics, practicality and, last but not least, value for money ”

Il concetto della mono base adattabile sia ai piccoli tavoli che ai tavoli di medie grandi dimensioni è una soluzione che garantisce stabilità, ergonomia, praticità d'uso e non ultima convenienza.

Torino

/ EN The collection Torino is designed for a prevailing use in the Hospitality sector. The simple, smooth design is characterized by the rectangular base in two dimensions, from which one or two columns rise, depending on the size of the worktop. The matching worktops are equally rectangular and come in many different options of material and size so as to meet every need.

/ IT La collezione Torino è stata concepita per un utilizzo prevalente nel settore HO.RE.CA.. Il design minimale e semplice è caratterizzato dalla base di forma rettangolare in due dimensioni, dalla quale salgono una o due colonne, a seconda della dimensione del piano. I piani abbinabili sono ugualmente rettangolari e sono disponibili in molte varianti di materiale e dimensione, per rispondere ad ogni esigenza.

NITESCO BOOK

“ A simple, spiked metallic leg, which perfectly adapts to many types and sizes of worktops. A matter of subtle balance in a must-have product ”

Una semplice gamba metallica, a spillo, che si adatta perfettamente a svariate tipologie e misure di piano. Un gioco di sottili equilibri degno di un prodotto must have.

Verona

/ EN The coffee table Verona stands out for its simplicity in design. The structure consists of 4 single square conical legs, fixed to the worktop and rising slantwise, giving lightness and elegance to the coffee table. The matching worktops can be square or rectangular and are available in different materials and sizes. Verona is very practical and versatile, suitable for any environment.

Technical information / Informazioni tecniche
→ p.226–227

/ IT Il tavolino Verona si distingue per la semplicità del design. La struttura si compone di 4 gambe coniche quadrate singole, fissate al piano e che salgono oblique, dando leggerezza ed eleganza al tavolino. I piani in abbinamento sono quadrati o rettangolari, e sono disponibili in molteplici materiali e dimensioni. Il Verona è un prodotto di grande praticità e versatilità, adatto ad ogni ambiente.

NITESCO BOOK

“ A sturdy leg as carrying column for big tables with central stem. The long support arms can sustain worktops in big dimensions as well as in thin sheets, without affecting stability and load capacity ”

Un robusto gambone quale pilastro portante per grandi tavoli con base centrale. Le lunghe braccia di supporto accolgono top di dimensioni importanti e sottili al tempo stesso, senza pregiudicarne stabilità e capacità di carico.

Amalfi

/ EN Amalfi is a versatile table, well-groomed in every detail. The base consists of four spokes, from which a solid central column rises, that can support worktops in large dimensions. The base is available in various colours and the worktops in various sizes and materials. It is a perfect solution for restaurants, living rooms and also in the office, especially for conference rooms.

Technical information / Informazioni tecniche
→ p.242 – 243

/ IT Il tavolo Amalfi è una soluzione d'appoggio versatile e curata in ogni dettaglio. La base è composta da quattro razze, dalle quali sale una solida colonna centrale, che può portare piani anche di grandi dimensioni. La base è disponibile in vari colori ed i piani in numerose varianti di misura e materiale. È una soluzione perfetta per ristoranti, per ambienti Living e anche in ufficio, in particolare per sale riunioni.

Chairs and accessories collection

collezione sedie e accessori

Vittoria

/ EN The chair Vittoria takes shape from the combination of comfort and aesthetics in the form and in the choice of the materials. The structure is made of steel, the legs can be chrome or painted. The seat and backrest are padded and can be covered in fabric or eco-leather at customer's discretion. It is particularly suitable for elegant, classy environments.

/ IT La sedia Vittoria prende forma da un'idea che coniuga comodità ed estetica nella forma e nella scelta dei materiali. La struttura è in acciaio, le gambe possono esser cromate o verniciate. Il sedile e lo schienale sono imbottiti e rivestiti in tessuto o ecopelle a scelta. È particolarmente adatta per ambienti eleganti e raffinati.
